Client Commitment

Our most deeply held principle at Merrill Lynch is clients come first. As part of that tradition, we strive to understand your specific needs. Once we have a firm idea of what matters most to you, we can offer the full breadth of Merrill Lynch to back a disciplined wealth management process. Helping you achieve wealth is our commitment; helping you achieve life is our difference. Let us put our powerful resources to work for you.

Merrill Lynch offers a broad range of brokerage, investment advisory (including financial planning) and other services. There are important differences between brokerage and investment advisory services, including the type of advice and assistance provided, the fees charged, and the rights and obligations of the parties. It is important to understand the differences, particularly when determining which service or services to select.
