

Now you can connect to the care you need through the Sydney Health mobile app or **anthem.com**. Have a live video visit with licensed therapists, board-certified psychologists, and psychiatrists through private video visits on your computer with a camera.

Faster support when you need it

If you're feeling anxious or depressed, you can talk with a therapist online. Appointments are available seven days a week. In most cases, you can set up a visit and see a therapist in seven days or less.²

You can also visit with a psychiatrist by appointment for support on managing your medication.³ Unlike therapists, who offer counseling support, psychiatrists can provide an evaluation and medication management to help if you have a common behavioral health condition.

With your Anthem health plan, the cost of an online visit is the same as the cost for an in-person visit.
