

ACCIDENT INSURANCE

Underwritten by Transamerica Life Insurance Company

Accident insurance from Transamerica can help protect you from financial hardships if you suffer an unexpected injury due to an accident. You'll receive a cash benefit for treatment received because of the accident, and you can use this money to help pay for anything you need, from co-pays and deductibles to household bills and everyday expenses.

Each year, there are 38 million injury-related visits to the emergency room in the U.S.¹

MEET LINDA

Linda is a 48-year-old flight attendant. One morning while hurrying to pack her suitcase, she tripped over her dog and broke her wrist in the fall. While her major medical insurance policy covered some of her expenses she accrued from treatment, she was still left with a costly portion of the medical bills. That's not to mention the physical therapy sessions and follow-up visit to her doctor's office when her cast was removed.

Fortunately, Linda enrolled in accident insurance through her employer. This policy helped her avoid dipping into her savings to help pay for costs that major medical wouldn't cover, saving her money as well as additional stress.
