

CRITICAL ILLNESS INSURANCE

Underwritten by Transamerica Life Insurance Company

Critical illness insurance from Transamerica goes beyond major medical insurance by paying a lump-sum benefit for a specific illness, such as heart attack or stroke that can be used however you see fit.

Approximately 805K¹ heart attacks and 759K² strokes occur every year in the United States.

MEET JACK

Jack, a 28-year-old carpenter, unexpectedly suffered a heart attack due to an untreated congenital defect. His treatments, hospital stay, and other related expenses added up fast. Fortunately, Jack had enrolled in critical illness insurance from Transamerica through his employer. The cash benefit helped with out-of-pocket costs and other unexpected expenses that came up, helping him get through the hard time a little more smoothly.

AN EXAMPLE OF HOW CRITICAL ILLNESS INSURANCE WORKS

Benefit payments may vary depending on the plan design selected by your employer and the benefit amount chosen at enrollment.

**JACK'S CRITICAL ILLNESS POLICY
PAID HIM:**

\$40,000

Jack signed up for critical illness insurance offered by his employer and chose a \$40,000 benefit amount. The employer's policy pays 100% for heart attacks so Jack will receive his full \$40,000 benefit regardless of what he paid in out-of-pocket costs expenses.
